

Synergy DataMart™

Data Analysis

Extracting and importing COLD report data has never been easier. The Synergy DataMart module of Synergy Enterprise Content Management (ECM) is a flexible and customizable solution for accessing the documents or exact document excerpts that you need, when you need them.

Revolutionize the Way You Use COLD Report Data

BUSINESS VALUE

- Save Money
- Improve Operations

COMPATIBILITY

- SilverLake System®
- CIF 20/20®
- Core Director®

IT WORKS LIKE THIS ...

Synergy DataMart leverages the industry's leading database management applications to revolutionize the way you extract and import COLD (computer output to laser disk) report data. This dynamic solution enables you to customize templates to retrieve information based on your needs, and take advantage of automated extraction to get timely data as new documents are loaded.

Whether you need a few lines of a single report page or hundreds of pages of multiple reports, Synergy DataMart streamlines the data retrieval and seamlessly imports it into data mining solutions.

WHAT IT DOES:

- Extracts and imports COLD report data into leading database management applications.
- Allows for automated extraction of COLD report data as new data is loaded.
- Creates extracts based on user-defined templates.
- Provides access to the extracted data using popular data mining solutions.

WHAT IT DOES FOR ME:

- Expedites access to decision-support information.
- Improves operating efficiency and productivity.
- Reduces labor requirements by streamlining data collection and analysis.

The Synergy Enterprise Content Management (ECM) platform enables banks to securely capture, retrieve, store, and distribute documents, check images, and report data. This sophisticated solution supports virtually all types of electronic information, including reports, scanned images, PDFs, photos, sound files, application documents such as Microsoft Office Word and Excel, and essentially any electronic file that is in an industry standard format. The ability to create a secure, central document repository with immediate desktop delivery of archived documents improves enterprise-wide productivity and effectiveness, streamlines operations, supports better-informed and timelier decisions, and enhances customer service and responsiveness. Jack Henry Banking supports diverse operational environments with the ability to seamlessly install ECM functionality in-house, or deliver key components through its software-as-a-service (SaaS) Synergy Express offering.
